**W&O SUPPLY NAMED EXCLUSIVE MASTER DISTRIBUTOR  
FOR HAYWARD INDUSTRIES' MARINE PRODUCT LINE**

**JACKSONVILLE, FLA** – December 2, 2005 – W&O Supply, the nation's largest supplier of marine valves, pipes, fittings and valve automation services, has been selected as the exclusive master distributor of Hayward Industries' product line for the maritime industry. The agreement allows W&O Supply to offer highly competitive pricing to its customers.

A leading manufacturer of filtration and flow control systems for more than 40 years, Hayward Industries will now use the W&O Supply relationship to distribute its filtration and flow control lines, cast and fabricated strainer products as well as Wright Austin gas/liquid separators.

W&O Supply offers a comprehensive inventory, factory trained personnel and onsite support from its network of 14 domestic and international service centers.

**About W&O Supply**

W&O Supply is the nation's largest supplier of marine valves and piping-related products. The company is committed to serving as the premier provider of total piping solutions for the marine industry. W&O Supply's customers represents all aspects of the maritime industry, including the US Navy, US Coast Guard, Military Sealift Command, commercial shipping companies, barge owners, cruise companies and shipyards all across North America and Europe.
